Moorhead, Minnesota

# Mallard Creek

Welcome to Mallard Creek, South Moorhead's newest addition. Mallard Creek features generous oversized single family lots, twin home building sites and a 60 unit townhome site. The addition is conveniently located across the street from the newly constructed S.G. Reinertsen Elementary School and borders Minnesota Highway 75. As a new resident, take full advantage of the scenic views around the greenway and pond by using the illuminated walking path that runs through the development.

Lot prices start at \$17,900 for twin home lots and \$19,900 for single family lots. We encourage you and your family to make South Moorhead and Mallard Creek your new home.
